A college, wrote John Henry Newman, "is a place which wins the admiration of the young by its celebrity, kindles the affections of the middle-aged by its beauty, and rivets the fidelity of the old by its associations. It is a seat of wisdom, a light of the world, a minister of the faith, an Alma Mater of the rising generation..."

To the rising generation, the graduating class of 1954, the Milestone staff presents a pictorial record of their Alma Mater, Hope College, that they may in youth and in middle and old age remember its celebrity, its beauty, and its associations.

DR. ELLA A. HAWKINSON

DEDICATION

Dr. Hawkinson once remarked that she had lived as she believed. Her record spoke for itself, and she had no apologies. In paying tribute to her memory we can, then, try to set down what she believed; the record may be allowed to speak for itself.

As a teacher, Dr. Hawkinson believed that the student should be curious about the why of things. She wished to provide him with the tools for seeing the historical process at work. Not a textbook teacher by nature, not a lecturer by choice, she asked questions. Probing the origin of the contemporary in the ancient, she suggested readings on conflicting ideas. She was less concerned with stocking the mind than with awakening thought.

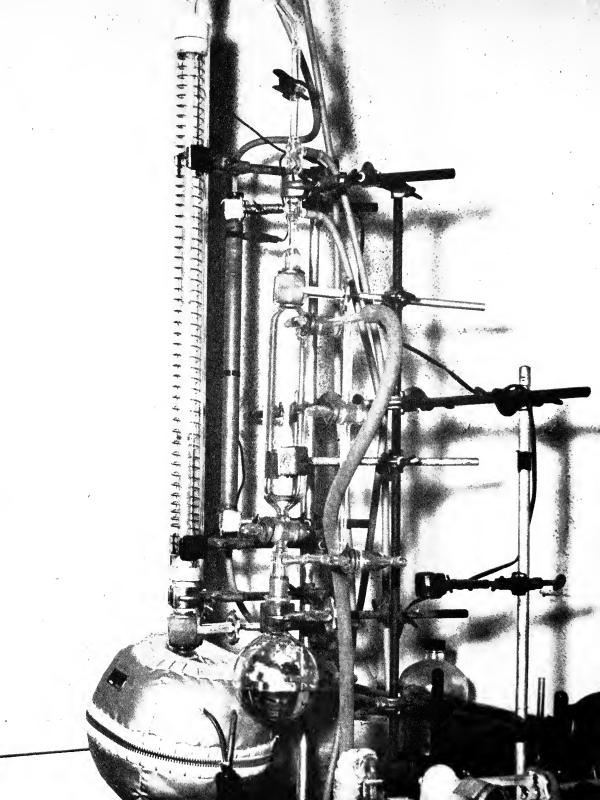

As Head of the Department of History and Political Science, Dr. Hawkinson believed that the members of the Department should evolve together in conference the whole cycle of history offerings. She was especially concerned with the evaluation of and planning for the freshman program. Freshmen interested her most, for with them, she believed, the foundation for critical and creative thinking is laid.

As a counselor, Dr. Hawkinson believed that the faculty member is ethically obligated to advise the student to take the highest and most self-respecting view of his own welfare he can conceive. That view was Christianity to her. To help the student adhere to his best picture of himself, she gave her time freely, not only in office hours at the College, but also during evenings and weekends at her home.

As a citizen, Dr. Hawkinson believed in common sense and humor and honesty and steadfastness. These qualities made for mutual understanding and tolerance between individuals and between nations. That these qualities might survive and one day, perhaps, prevail, she took her students, American and foreign, to United Nations meetings; she conducted workshops in international relations with them; she promoted the student ambassadorship to a foreign country; she spoke widely as President of the Michigan UNESCO.

As a scholar, Dr. Hawkinson believed in educational vision. She was never enmeshed by details; she saw a dream whole. Her international lectureship to Trondheim and Oslo was an attempt to share her vision with other teachers, as were the summer workshops she conducted at the University of Kansas, the Oregon College of Education, the University of Saskatchewan, the School for Cerebral Palsied Children in California, the University of Rochester, the Southern Oregon College of Education, and the University of Minnesota.

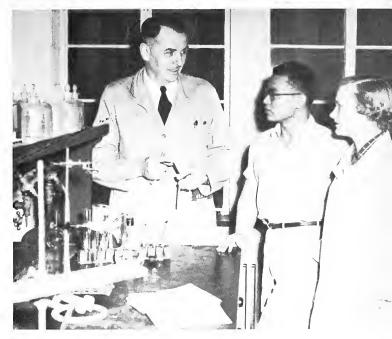

Liberal, humanist, educator of magnificent vision, Dr. Hawkinson lived as she believed. She was simple and kind and strong.

TRIBUTE

Hape — Science: the words at times are synonymous. Why? The professors? Partly. The undergraduate program? Partly. The students? Partly. All three? Undoubtedly. By allowing students to work experimentally in their fields of concentration under the tutorage of capable and inspiring professors, Hope Callege has gained an enviable reputation in the realm of undergraduate scientific education. This year biology majors are making slide series on chick embryos, blood, and frog tissues; chemistry majors are researching in the synthesis of thiophene compounds; and physics majors are experimenting with transistors and electronic circuits. One other project of all three departments is the construction of a cyclotron, which was begun this year with a five hundred dallar research grant from CIBA.

The professors of the Department of Bialogy have been doing individual research with the intent of publishing papers on their subjects. The Chemistry Department received many honors this year among which was the accrediting of the department by the American Chemical So-

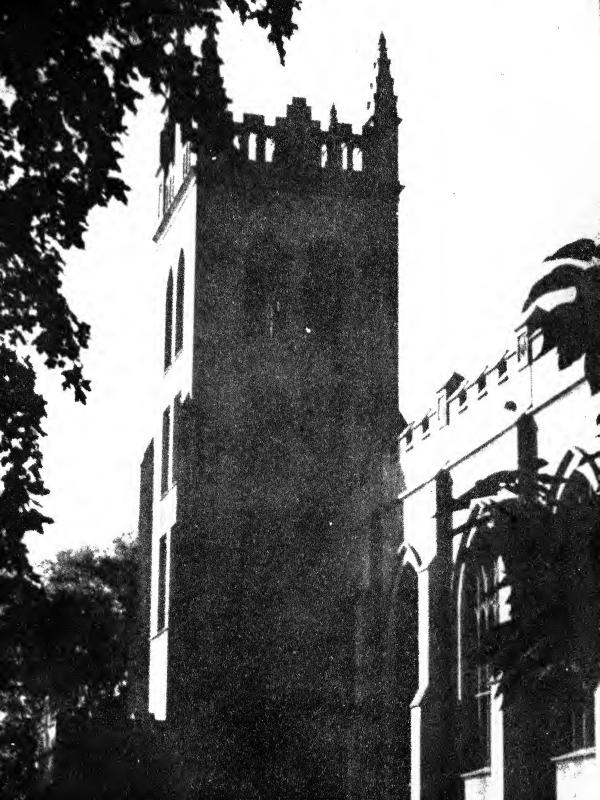

THE SCIENCE DEPARTMENT

A twenty-five hundred dollar grant from the Research Corporation was gratefully accepted. This yearly grant has allowed the Chemistry Department to publish ten papers since the inception of the grant in 1948. Also received were a twenty-five hundred dollar grant from E. I. du Pont de Nemaurs and Company, and a one thousand dollar scholarship from the Standard Oil Company of Indiana. Dr. Van Zyl has also been hanored in being chosen as a lecturer for the American Chemical Society's Division of Chemical Education and Nation Science Foundation conference to be held at the University of Wyoming this summer. The Physics Department is expanding to give the students a larger experimental background. Mr. Kleis has been elected a member of the Ford Foundation's Educational Study Committee and Mr. Frissel will receive his doctar's degree in nuclear physics this summer.

One brief look over the graduates of these departments will show the results of Hope's science program. Who is the graduate? He is the best medical student, the most renowned doctor: the creative chemistry student, the director of a chemical research firm; the reflective nucleanics student, the researcher into the forces of the atom. This is why the name "Hope" and the ward "science" are often synonymous.

MAY DAY

The naming of the Queen's court fallowed and Gretchen Yonkman, Nan Jahnson, Nancy Ramaker, Myra Saunders, Marlene Meninga, and Bernice Keizer were naminated.

In the evening a banquet was held at which the May Queen reigned over faculty and student alike.

In the May Day field competition, the saphomare girls wan, with the juniors second, and the freshmen third. In the men's competition, the Fraternal Society accumulated the most points, to easily garner an undisputed first place. The Knickerbockers were second.

HOMECOMING

Hope College's twenty-fifth annual Homecoming celebration opened with a pep rally Friday night, October 16. Ruth Bruins, freshman candidate, was crowned queen of the homecoming festivities by football captain, Jim Van Hoeven. Her court consisted of Myra Saunders, Marlene Meningo, Lucille Van Heest, Marcia Smith, Margery Addis, Francis Brown, and Joyce Schultz.

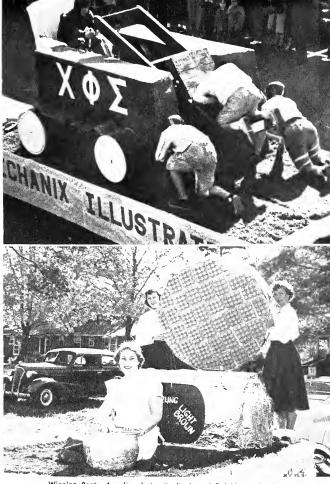

Van Vleck house decoration

Saturday morning after the tennis tournament and the cross-country meet, the annual parade of floats with magazine title themes started down Eighth street. The high point of the week-end was Hope's football victory over Hillsdale, 28-7. During the halftime ceremonies the Delphi sorority and the Arcadian Fraternity were awarded prizes for their outstanding floats. Van Vleck hall and the Knickerbocker House received awards for their house decorations. Saturday evening Palette and Masque presented "The Admirable Crichton", and all resident halls held open house for students and alumni.

The weekend was climaxed Sunday afternaan by the annual Vespers service held in the chapel.

THE PULL

The annual frosh-soph pull across Black river ended with victory for the sophomore team after o grueling hour and ten minutes. Under the revision of pull regulations which provided snow fences and other restraints for an eager crowd, the whole contest was conducted with an air of the dignified student grovelling at a menial task for the sole purpose of freshman discipline.

The frosh-soph competition for the girls was realized in the seventeenth annual Nykerk Cup contest. Individual talents were combined to produce a dramatic production, a musical number, and an oration. The frosh sang "Give Me Your Tired, Your Poor" from Miss Liberty, presented a tragedy, Tamarraw Is The Day, and an oration entitled Visions To Live By by Nina De Maagd. The triumphant sophomores, who retained the cup sang "The Surrey With The Fringe On Top", presented a comedy, When Shakespeare's Ladies Meet, and an oration by Penny Ramaker.

ALL COLLEGE SING

The All-College Sing, a contest of all fraternities and sororities on campus, was held March 5 in the Hope Memarial Chapel before a capacity crowd.

The Dorian society once again won a decisive first with "The Chocolate Prince" by Wagner in three part harmony. Betty Schepers directed. For the fraternities the Arcadians, directed by Nevin Webster, took the men's honors with "The Song Of The Open Road" by Malotte-Knickmann.

Second places fell to the Delphis and Cosmospalitans who sang "I Got Shoes" and "Where in the Warld, But in America" respectively.

EUROPEAN SUMMER TOURS

The summer of 1953 saw the successful completion of the first Hope College Study Tour of Europe, Seven adventurous Hope students transferred their Spanish classroom to Spain and studied Don Quixote and the novels of Galdós in such romantic settings as Zaragoza, Oviedo, la Coruña and Madrid. In addition to earning their eight hours credit, the group enjoyed the roundabout trip to Spain from Rotterdam. Traveling by station wagon they toured the historic Rhine valley, saw Lohengrin in the state opera house of Stuttgart, and went over snow-capped Grimsel pass in the Swiss Alps. On the return journey from Spain to Rotterdam the students made a three day stopover at Paris.

In addition to the seven Spanish students, a French student, Connie Ferguson, studied a month at the University of Dijon in France and then rejoined Dr. Brown and the others in Madrid in time to make the trip to Granada and the Alhambra, befare returning to the Netherlands and the S.S. Grote Beer. Final exams were held on shipboard and the students reached campus just in time for fall registration. Other study tours to Europe for the benefit of Hope's language students are planned for 1955 and alternate summers.

STUDENT AMBASSADOR

After scurrying ten thousand miles through seven nations in three months, the European traveler invariably focuses his memory around people. Austria becomes Herr Putschek or Ingrid or Gerrit or Hans.

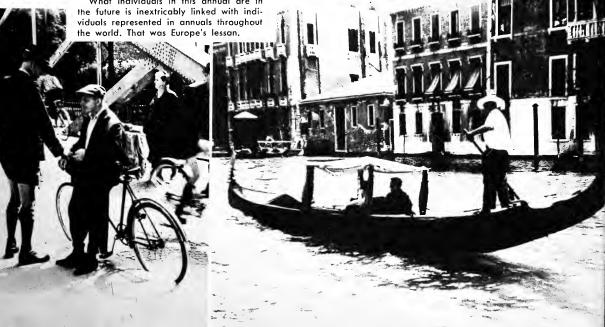

This is particularly true for the three Hape students who have been selected for Eurapean travel under the Holland Community Ambassador program. The program calls for living in the homes of people in foreign countries. Days are spent with people — not seeing them from passing automobiles.

Holland has seen Yugaslavia through the eyes of Don Lubbers, Germany through those of Guy Vander Jagt, and now Austria through Bruce Van Voorst's. None came back authorities on economics, politics or culture of the countries. But actually they saw the foreign nations much as we Americans see our own nation. Economics are simply the hard bread, scarce meat and thrice-daily patatoes; politics are the 15 percent tax to support accupation troops; culture the books on their shelves or the village Abendfest - evening classical concert.

Each of the persons who traveled has been enriched by the insight into lives of people in these countries. Each has felt a bit hesitant about repeating the trite "Universal Bratherhaad" theme. Each has nevertheless felt compelled to make it the principle matif because it is precisely what laams largest.

What individuals in this annual are in the future is inextricably linked with individuals represented in annuals throughout the world. That was Europe's lessan.

Among the major issues appearing on the agenda of the 1953-54 Student Council were the inclusion of a permanent faculty member on the Council, the affiliation with the National Student Association, and the establishment of a campus chest. Less significant issues have been spending the student's library fine fund, announcing results of elections and contests, alleviating the campus parking problem, and joining a chess and bridge tournament.

There were also the more routine activities of the Council calendar, including a freshman initiation program, the Pull, Homecoming, Nykerk Cup, the All-College Sing, and May Day.

Newly instituted activities for this year included leadership-training classes, a Glary Day rally in the Armory, a mock council meeting over Radio Hope College, and a week-end conference for campus leaders.

With the new ane platoon ruling in effect, Hope Callege opened its 1953 season with a 21-6 loss at the hands of Michigan Normal. Despite weak pre-season ratings caupled with an initial defeat, this year's squad went on to attain the highest goal ever reached by a Hope squad, that of winning the undisputed championship of the Michigan Intercollegiate Athletic Association.

The Dutch began displaying their championship farm with the launching of the conference schedule. Using the well balanced attack already shawn in the Normal encounter, Hope gained its first victory with a 25-0 decision over the Olivet Comets. Stepping outside the conference, the Dutch upset the favored Carroll squad by handing them a 21-14 defeat. Returning to conference play, the Dutch met a rugged opponent as they encountered the Bulldogs from Adrian. Establishing a 7-0 halftime lead, Hope went on to gain a final victory with a 20-7 win.

The homecoming game with Hillsdale saw Hope continue its winning ways with a decisive 28-7 win over the Dales. Displaying their impressive overall attack, the Dutch served notice that they were in top contention for the title.

Taking a breather from conference play, Hope traveled to Beloit, Wisconsin to take on one of the leading small college teams of the Mid-West. Entering the contest with a sixteen home game winning streak, the Bucs played Hope on almost even terms throughout the first half with the score reading 12-6 for Hope at mid-point. Hope returning in the second half unleashed a devastating attack which carried them on to a final win by the count of 32-13. With this important and well earned victory under their belts, the squad returned home to begin preparation for the big contest with the Brits of Albion.

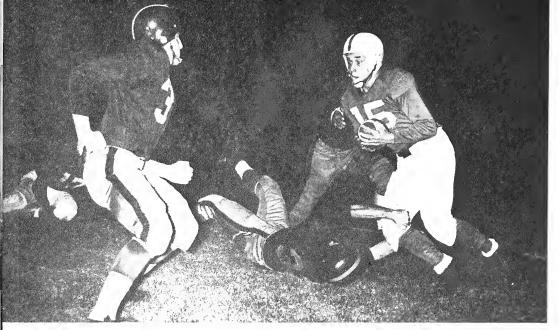

With the title at stake, the Dutch invaded Albion with victory in mind. Backed by a tremendous following, the Dutchmen struck early to go into a 13-0 first quarter lead. With play remaining at a stand off, the third quarter found Hope still leading by the 13-0 count. A final tally by both teams put the final score at 20-7 and gave Hope the conference lead. On the following Saturday the Dutch gained a hard fought triumph over the Hornets from Kalamazoo College. With this victory the Dutch received their first championship.

Traveling to Alma with championship assured, the Dutch slacked off their winning pace and were defeated 33-19 by the Scots. Despite their slightly marred record, this year's squad deserves the highest praise for campiling one of the all-time great seasons ever attained by a Hape squad. Congratulations to the team and coaching staff for this outstanding achievement.

Climaxing Hope's first undisputed championship of the MIAA Conference was the release of the names of five Hope stars elected to the All-Conference team. The single platoon system in effect this season, requiring both outstanding offensive and defensive talent fram a player, caused the selection to be more difficult than usual, but, conversely, caused a more rewarding honor to the individual player selected.

Jim Van Hoeven, captain and senior, repeated his honors of two previous seasons capturing his third All-MIAA recognition at a line position, this season at end.

Bill Heydorn, hard charging tackle, junior, and 1954 co-captain, was voted a berth on the rugged first team line.

Hope's brilliant halfback scoring combination, sophomores John Adams and Frank Talarico, were both selected to the All-MIAA first team backfield.

John Brannock, end and senior member of the championship team, was also honored by a slot on the second team.

Captain Van Hoeven received the added recognition of being chosen by his teammates as the Hope most valuable player of the year.

CROSS COUNTRY CO-CHAMPIONS

Van Farowe, Yaung, Straatsma, DenUyl, Meeuwsen, King, De Vries (Mgr.), Reinink, Schmidt.

Led by Jesse King and Ron DenUyl, the cross country team captured their first MIAA championship in twenty-seven years of competition. Breezing through undefeated in dual conference meets, the Dutch took second place in the all-important conference meet for o share of the championship.

In dual conference competition, the harriers won easily over Calvin, Hillsdale, and Adrian. Following a brilliant victory in their meet with the defending champions at Albian, the Dutch added wins over Olivet, Kalamazoo, and Alma. In meets outside the conference, Hope was edged out by Central Michigan and Wayne, two of the most powerful teams in the state, for an overall record of 7-2.

Closing their season at the conference meet, the Dutch totaled 42 points for second place, trailing a strong Albian team's 38 point total. Ron DenUyl, first to cross the finish line for Hope, was followed by King, Schmidt, Reinink, and Young.

The success of this season was not only impressive because of such outstanding runners as DenUyl who twice broke course records, but also from the standpoint that only two runners, King and Straatsma, will be lost through graduation. Congratulations to Cooch Green and his squad whose spirit has led to one of the most outstanding seosons in Hope cross country history.

The fast-breaking Dutchmen raced their way through a difficult season to emerge victors in twelve of their nineteen contests, piling up a total of 1621 points to the 1413 points of the opposition. Paced by high-scoring center Bob Hendrickson, the defending MIAA champions captured a second-place tie with Albion by virtue of eleven wins and three losses. The three losses were by a total of four points, two of these to Calvin and Albion by only one point.

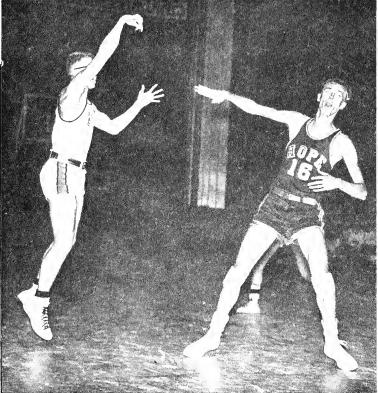

The season's opening contest found Hope on the short end of a 81-68 score at the hands of a powerful Wabash squad. However, in their opening MIAA match, the Dutch amassed a record-tying score, handing the Kalamazoo Hornets a 114-95 defeat. At Ypsilanti, the team overcame a strong Michigan Normal squad 74-65, again taking the road, they added victories over Adrian and Hillsdale, 67-61 and 91-53. Returning from Christmas vacation, the Dutch played host to the visiting DePauw cagers, suffering an 83-80 setback at their hands. Resuming conference play, the Hope squad overpowered Olivet 81-54, and in a thrilling contest dropped the Albion Britons 73-67. The following week, after traveling to Grand Rapids, the Dutch were squeezed out by the Calvin Knights on the large unfamiliar Civic Auditorium floor in a narrow 66-65 decision. Then the team moved to Beloit where their squad proved too much for the Hope cagers as they ran a tally of 85-75.

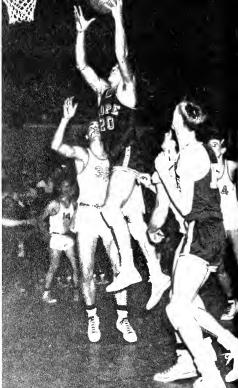

Back on the Armary floor, the Michigan Normal Hurons, vengeful because of their earlier defeat, handed Hope its third straight loss as they romped to a 93-68 victory. Continuing in MIAA competition, the Dutch succumbed to Alma on the Scat's narrow floor for their second conference defeat 83-81. Bouncing back after a short layoff for semester finals, the cagers broke a faur-game losing streak by thundering over Kalamazoo on the Hornets' home court for a 94-65 scare. The Dutchmen then took a stand on their home floor and added impressive victories over Adrian, 99-89, Hillsdale, 110-77, and Olivet, 104-54. Hopes for a third straight MIAA title were annihilated when the Hope cagers encountered the Britons at Albion and were edged out in a hard-fought contest by the margin of one point, 81-80. Seeking revenge for the earlier setback by the Scats, the Dutch crushed Alma with a well-earned 97-71 victory. Closing the season against Calvin, the newly crowned champs, the Dutchmen dominated the entire contest as they stung the Knights with a 100-90 victory, handing them the second loss of the season and insuring a second place tie for Hope in the conference standings.

JUNIOR VARSITY BASKETBALL

Juniar Varsity

This year's junior varsity squad was hampered as usual with the problem of changing persannel. With Cramer and Armstrang maving up to the varsity at midsemester, Coach Green was farced to change his starting lineup. Even without the services of these two, the squad continued to play good basketball and gained same impressive victories. With Kempker, Springsteen, and St. Aubin leading the way, the junior varsity closed aut the seasan with a final recard of 3-8. At first this recard might not appear tog impressive, but with the continued lasing and shifting af players, Caach Green did a fine jab af leading this group af freshman wha showed much pramise of adding strength and depth to next year's varsity squad.

Scooping up a graunder at third

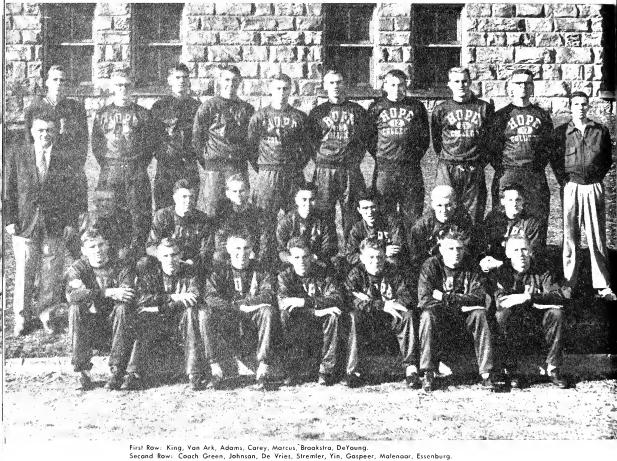

With lettermen returning at many of the positions, Coach Russ De Vette's defending champions eyed a second consecutive championship in the MIAA race. The veteran team presented a fine infield with Lubbers and Wagner at first, Ortquist at second, DeFreese and Heunick at short, and Van Hoeven in the hot corner. In the outfield Coach De Vette depended on York, Dykema, and Rink, Busman, and Kempker doing double duty in right field. The success of the season, as ever, was largely in the hands of the pitching staff which, though headed by the fine hurling of Rink and the assistance of Busman and Kempker, was somewhat questionable in depth. Catching behind the plate were Boeve, Elenbaas, and Harris. With a schedule of eight home games and with experienced men at every position, this year's squad presented another fine season.

Coach Weller was faced this year with the problem of replacing two of his fouryear veterans, Bos and Exo. Stepping into the number one and two spots were Boeskool and Coventry, who were two of the four returning lettermen. Other lettermen back from last year's squad were Schrier and Dyer. In addition, Bieri, De Pree, and Warren filled out the squad. Although probably not as strong as in past years, this year's team was in top contention for the runner-up spot to the perennially strong Kalamazoo.

Left to right: Dave St. Aubin, Joe Martin, Bab Visser, Caach John Visser.

With the return of only two lettermen, Coach Visser was confronted with the problem of rebuilding a squad. Centering his team around veterans Bab Visser and Bill Holt and calling on several promising newcomers, among them St. Aubin, Hutten, and Martin, Coach Visser fielded a balanced aggregation with hopes of making the Dutch contenders for the conference golfing crown.

WOMEN'S SPORTS

The W.A.A. Board, headed by Miss Richardson and including representatives from the four classes, again directed women's sports this year.

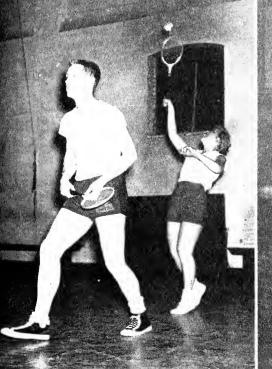

Major team sports, volleyball, basketball, and baseball, were organized by each of the dormitories and also town girls. However, individual sports also had an important place on the schedule, and a good deal of interest was shown in the badminton, ping-pong and tennis tournaments.

The Hope girls played host to the Calvin women's basketball team and the tennis team entered into competition with the women's tennis teams from the conference and several non-conference colleges.

At the end of the year, awards were given to those who attained the required points in both individual and team sports.

WHO'S WHO

This year fifteen outstanding senior students were chosen to appear in Who's Who among Students in American Colleges and Universities. Their biographies will be given in the 1953-54 edition of this book. The faculty selects these students on the basis of excellence and sincerity in scholarship; leadership and cooperation in academic and extra-curricular activities; citizenship and service to the College; and promise of future usefulness to business and society.

Patricia Emily Pickens, Feature Editor

Several changes were effected in the policy, form, and layout of the 1953-54 edition of the Anchor, bi-weekly journalistic argan of the Hope College student body. Under the leadership of Ray Vedder, editor-in-chief, Dave Angus, managing editor, and Pat Pickens, feature editor, the Anchor assumed the spirit of a crusading newspaper, and strove to become a medium of enlightened campus controversy as well as an accurate reflection of campus activity.

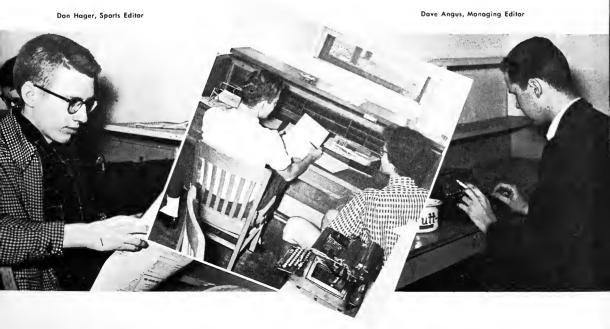

A major innovation was the reduction from six to five columns to make a handy tabloid size newspaper. A new style of type was also used to brighten the appearance of the paper; and the new masthead was intended to convey a modernistic touch.

New columns such as "What's On Your Mind," "Obiter Dictum," "Dire Events," "Enough Rope," "New Books," and "Voice Of The Campus" were designed to satisfy a variety of interests, and to maintain the over-all purpose of a liberal minded newspaper, the free expression of ideas.

As usual, the Anchor was hindered by the lack of journalistic enthusiasts an campus; but due to the efforts of an efficient reportarial staff, dependable typists, and a keen interest on the part of our advisor, Dr E. D. Brand, considerable progress was made throughout the course of the school year.

YMCA

The YMCA is the spiritual society and force for Christian living among Hope College men. This purpose is manifested in the weekly meetings, the leadership in chapel services on Tuesday mornings, and the sending of deputation teams to the people of the Reformed churches. The Mission Drive in December is one of the major Y projects, and this year the money from the Drive was given to sponsor a mission student from India for one year at Hope.

The program of the YWCA is directed toward the Christian living of yaung wamen an Hope's campus. The activities of the year were many and varied. The Y fall beach party far new students initiated the year's program, and the Missian Drive strengthened the fellowship with Christians in India. A Christian scavenger hunt was the means of collecting toys and clothes for needy families. The Religious Emphasis Week Speaker was Rev. Schaap, who gave us renewed zeal and inspiration. Weekly meetings, such as hymn sings and fireside discussions at faculty homes, proved both educational and refreshing.

Too few people realize the importance of A.D.D., the Athletic Debt Diggers, on the campus scene. Along with selling refreshments during football and basketball seasons and providing lunches for home and visiting teams, half of the profits are donated to the Athletic fund, and presents are purchased for the school with the remainder. As compensation the A.D.D. holds a banquet every spring. Officers are Gretchen Yonkman, president; Sue Culbertson, vice-president; and Barbara Slagh, secretary.

The Women's Athletic Association has had another successful year of directing recreational activities for all women on campus. The present board is composed of three representatives from each class who work under the guidance of Miss Maxine Richardson.

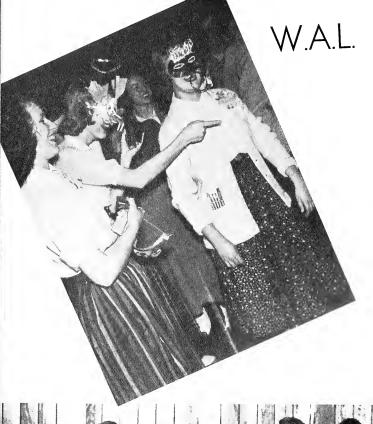

Some of the outstanding highlights of the last year were the MIAA Play Day, May Day, the Tennis Tournament, and the annual Awards Banquet.

A few of the activities that the board sponsored for the girls an campus were volleyball, basketball, saftball, badminton, golf, hiking, archery, riding, ping-pong, and bowling. Co-recreational volleyball was also initiated.

The Women's Activities League began another year of service and social activities with the traditional Big-Little Sister Tea. Included in the service projects were a lecture on China, the Penny Carnival, and a tea for prospective college girls. Highlights of the social activities were the Christmas Party, the all-sararity mixer, and May Day.

Every girl at Hope is a member of W. A. L., and the baard is made up of representatives from each class, sorarity, and woman's organization on campus. Mr. Tellman and Miss Reeverts served as advisors.

A.S.A.

The Momecoming float initiated the freshmen girls into the work and fun of Alpha Sigma Alpha. The annual A.S.A. banquet was held at the Warm Friend Hotel to honor our Nykerk Cup coaches. In keeping with the true January weather our "Snowflake Fantosy" at the Pantlind Hotel was a "cool" success. True hormony in voice and cooperation was blended in "It's Almost like Being in Love" for the All-College Sing. Our year was drawn to a close by get-acquainted meetings with the sororities and with an informal party of freshmen women.

DELPHI

Homecoming Day in October saw the Delta Phi Sararity capture first place with its float in the Homecoming Parade. To celebrate that victory and to reunite all women members of Delphi, an alumni luncheon was held.

"Mood Indiga," the winter formal dance in December, was the first Delphi party of the year. Nancy Carpenter served as general chairman of the memorable event in the Spring Lake Country Club.

February brought an unusual date night, with all Delta Phi girls and their dates being entertained at a sack hop, or shoeless party. The prize for most uniquely decorated stockings went to Phyllis Heybaer and Dave Kuyers. A spaghetti dinner concluded the party, planned by Nancy Klang and Mari Howard.

An informal party in May, including tennis, sailing an Lake Michigan, shuffleboard, picnicking, horseback riding, and an evening of dancing, composed the last Delphi event of the year.

COSMOPOLITANS

The fall of 1953 found the Cosmos once again taking their place of importance at Hope, with one significant change — this year we were actually within hailing distance of the compus. The citodel of Cosmopolitan now rests at 47 East 13th Street.

Rushing was unusually successful with the total membership running fifty-eight strong. January brought the formal in the English Room at the Rowe where the frat glowed with its theme, Northern Lights. As usual the Cosmos were active in inter-frat sports and in the All-College Sing, the selection for this year being, "Where Oh Where, But In America." Established at last in a home of its own, the Knight of Cosmopolitan looks back on a busy and prosperous year with the promise of mony more to come.

DORIAN

The Dorians began another busy year with their annual fall slumber party. The pledges were welcomed into the sorority at a dinner at the Eten House. Homecoming found the girls working hard on "Hope Takes a Holiday'' and also enjoying a well-attended alumni breakfast at the Warm Friend Hotel. Early in December the Dorians and their dates enjoyed the informal porty "Starlight, Starbright" which was held in Kolamazoo with a dinner, hayride, and square dance. The new year found the Dorian pledges going through formal initiation and receiving their new pledge pins. The girls became busy rehearsing "The Chocolate Prince" for the All-College

In March the Dorians had their date night party "It's Amore" at the Women's Literary Club. The Dorians climaxed the year with their formal party at the Gull Lake Country Club in Kalamazoo in May. Fall officers:

President Giebink Vice-President: Mulder Secretary: Van Faasen Treasurer: Bussies The academic year 1953 - 1954 has proved to be both profitable and illustrious for the men of Knickerbocker. Most significant accomplishment of the year was the formal presentation to the College of the David de Forest Memorial, a trophy case which now stands on the main floor of Yan Raalte Hall. The dedication ceremony, which followed a chapel service in December, was the culmination of arduous and inspired work by the Knicks in memory of a brother who died in an automobile accident in 1952.

Other important events of the year were Homecoming, high-lighted by the winning of the house-decoration trophy; and the pledging season, which brought the Knickerbockers twenty-four new members. For the first time the formal party, "Memorable Moments," was held in Muskegon at the Occidental Hotel. Much fraternity spirit and unity was stimulated amang the fellows by their cooperation in fraternity sports and in the All-College Sing.

SIBYLLINE

A rather depleted Sybilline society of twenty members met for the early September house party, but after the bids were all received, the secretary had written on our books eighteen new names, every one a welcome addition. After the Homecoming splurge with Photoplay float and alumni luncheon at the Eten House, we settled down to literary meetings and planning sessions for the traditional, but never monotonous, parties.

Our tobagganing date night of January 19 had been conveniently planned to provide just enough chill to preserve the liberal covering of snow. After we were wellchapped and soaked, we devoured pizza at the Mary Jane. "Designs in Melody" at the Morton House in February was an event which kept us in pink clouds for days after. Our song at the All-College Sing, directed by Mary Lou Richards, narrowly (we think) missed an award. We put in our petition months in advance for a fair day on May 1, when the Sibs gothered for the last party of our year together.

SOROSIS

The Sigma Sigma Sorority or Sorosis, as it is more commonly known, tries to establish close friendship among its members and to participate in the extra-curricular life of Hope Callege.

The Sorosis fiscal year of 1953-1954 began on the evening of September 15, 1953, with a house party at Castle Park for the purpose of bidding in new members. The bids were sent out immediately, and acceptances were quickly returned. New members were welcomed and congratulated at a "coke" party shortly afterwards.

Throughout the year new members were introduced to the several activities which are a part of the Sorosis tradition: the Homecoming luncheon, held in the Tulip Room of the Warm Friend Tavern; slave week; various teos; the Sorosis pledge dinner, given at the Red Brick Tavern in Plainwell; and informal and formal initiation.

Their numbers greatly reduced by the loss of the graduating seniors of 1953, the Fraternal Society took a hitch in their belts and attempted to carry on the Fraternal tradition. The addition of nineteen new men inspired the Fraters afresh, and an unprecedented second in the Homecoming float contest was a forecast of things to come.

The All-College Sing found the men of Fraternal under the direction of Gord "Frenchy" Neewsen singing "The Sang from Maulin Rauge." "Stairway to the Stars" was the theme of the annual winter formal, a night to be remembered by all. The formal was followed by the Washington Day Stag where the alumni were greeted with sizzling t-bones. The school year was climaxed by the spring party and the "Swan Song" when eleven seniors bade goadbye to their underclassmen and became alumni.

A brief sketch of Theta Gammo Pi during the year reveals many scenes. The first is a cottage at Lake Macatawa where the Thetas gathered to renew friendships and to pledge new members. A beautiful fall day and a sailboat appear next as the Thetas entertained their pledges with a picnic at the Mooring. A third scene discloses Thetas and Theta alumnae conspicuous at the Homecoming game, especially when their float was given honorable mention; and a fourth, "Silhouettes 'n Silver," one of the most beautiful and successful formal parties ever given. A last scene shows the Thetas remodeling the sorority room. With the curtain call nine seniors reluctantly disappear into the wings.

Chi Phi Sigmo opened the school year 1953-1954 with participation in Homecoming activities. Thanks to the hard work of the entire fraternity, we were owarded the float trophy for the third consecutive year, thus winning permanent possession of the coveted prize.

This victory behind us, we turned to football, basketball, and softball. In minor sports we won the golf and bowling trophies.

The big event of the winter season was the formal held at the Pantlind Hotel on February 12. After participation in the All-College Sing, we closed the year with our annual spring party.

Again this year as in years past, the Arcadian fraternity has been characterized by the firm bonds of fellowship that have knit its brothers together.

MUSICAL ARTS

All students who are interested in music are eligible for membership in the Musical Arts Club which regards its major purpose as the development of a fuller appreciation and interest in music. Contemporary music, operas, and individual composers are among the topics of discussion at the monthly meetings. Other Musical Arts Club projects are to sponsor the Annual Christmas Vespers, decorate the Chapel for the Christmas season, and appoint ushers for concerts and recitals.

In an effort to achieve its main function of promoting peace and world understanding, the International Relations Club has again this year fostered a program directed toward this end. Some of the activities have included lectures and films on various countries of Europe and their problems; and outside speakers, including Lt. Tad Stickels, a repatriated Korean prisoner of wor.

Delegates from the club were also very active in attending local and regional conferences, such as those sponsored by UNESCO, and the American Association of International Relations Clubs.

This season's first production introduced Pallette and Masque's new director, Miss Elva Van Haitsma, who chose to present J. M. Barrie's classic comedy The Admirable Crichton for the Homecoming play. (pictured top right) Crichton is the whimsical drama of a butler-turned-master with which Barrie gently pokes fun at the British social system. The mid-season production was a serious drama, The Heiress, (pictured lower right and center) arranged for the stage by Augustus and Ruth Goetz from the Henry James novel, Washington Square. The play centers around the love-starved daughter of a wealthy but cynical doctor and her attraction to a personable young fortune-hunter.

The spring season was a busy one. First, Polette and Masque joined the English Majors' Club in attending a production of Maxwell Anderson's Winterset by the Grand Rapids' Civic Players. Next, they produced Kaufman and Ferber's The Rayal Family, (pictured lower left) a bright caricature of the Barrymore family. The season was brought to a successful close with the annual Children's Theotre play and the traditional May Banquet.

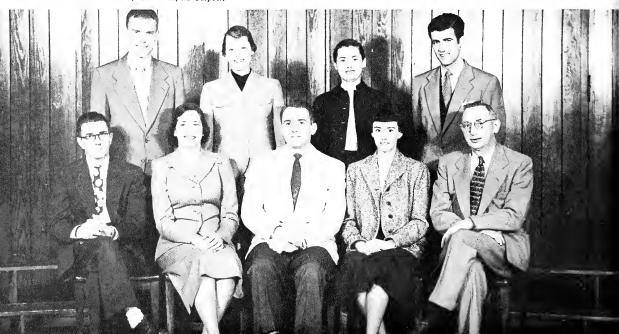

PI KAPPA DELTA

Pi Kappa Delta is a national honorary fraternity which encourages forensic activity in debate, aratory, and extemporaneous speaking. The March fifth Old Line State Contest was held on Hope's Campus this year. In April four members with Dr. William Schrier and Rev. Lambert Ponstein traveled to Maine for the Pi Kappa Delta Provincial Contest. Those wha have participated in inter-collegiate forensic contest are eligible for membership.

1953-1954 was a time of discussion on the topics of international trade. A number of the nation's leading industrialists had turned against the philasophy of high tariffs as an aid to business. President Eisenhawer had appointed the Randall Commisian to study the whole matter of tariffs and internation trade. Hape's debaters jained the discussion with the prapasition, "That the Federal Government Should Adapt a Palicy of Free Trade."

At Albian a number of specialists in the field presented a farum tauching all phases of the question. After this Hope's students were on their own. They argued the pro and can of the matter in Cadillac, Albian, Big Rapids, East Lansing, Kalamazoa, Mt. Pleasant, and Alma. At the University of Maine they joined with members of Pi Kappa Delta groups fram several states in three days of discussion, oratory, and debate.

Perhaps they hadn't salved the problems, but the field of international economics certainly had become more meaningful.

ENGLISH MAJORS CLUB

In the annual organizational meeting early in the year, both junior and senior English majors met under the direction of Dr. Clarence De Graaf, Head of the English Department. After seeing Connie Ferguson's slides of Europe, the group divided into four discussion groups to meet once a month in professors' homes and discuss various fields of literature. Dr. Lotus Snow led the drama group; Dr. E. E. Brand, the magazine group; Dr. John Hollenbach, the poetry group; and Dr. De Graaf and Mr. James Prins, the novel groups.

Later in the year the group saw "Winterset" produced by the Grand Rapids Civic Players, and held their annual spring banquet. Le Cercle Français is a small group of students who meet once a month in order to develop facility in French conversation and to enjoy interesting programs. During the month of September, the faculty advisors, Mrs. Prins and Miss Meyer, met with the executive committee to establish these programs, which were ably executed under the leadership of the program chairman, Alice Gabriels.

Meeting in October, the members were entertained by a file, "Cité Universitaire", and a lecture presented on "French Education." In November, Bruce Van Voorst, student ambassador to Europe, presented an informative talk on his travels to the club at the home of Mrs. Prins.

The highlight of the year was "la fête des rois", a meeting in celebration of Epiphany, with delicious refreshments and French games for all.

In April a film-play, "Il faut qu' une porte soit ouverte ou fermie," by Musset, entertained the group.

On May 10, the French Club held its last meeting of the year, a barbeque and music meeting held at the home of Miss Meyer.

GERMAN CLUB

The members of the German Club try at their meetings to learn more about the people whose language they study. Through songs and games, picnics and movies, slides and books, they learn more about the language and the customs of the German-speaking world.

Buenos dias, amigos. Welcome to el club espanol. This club exists for the student who is interested in Spanish and who would like to meet socially others who are attracted to the study of Espana y la America del sur.

The Spanish Club holds meetings once a month, usually at the home of el profesor Brown. At these meetings the students entertain each other with skits and dialogues taken from Spanish literature, with reports on life "south of the border," and with movies and talks given by our globe-trotting professor or some of his fledgling students.

Christmas is celebrated in Mexican style complete with a pinata, a sort of Mexican grab bag. The final meeting of the year is always a good old U.S. style picnic on the beach. A person with a touch of imagination might see a Latin flavor at this picnic in the form of a huge dish of baked beans which is invariably present.

PHI ALPHA THETA

Elementary Teachers Club, sponsored by Professor John J. Ver Beek, is a valuable organization for broadening the interests and knowledge of the juniors and seniors who have chosen teaching as their profession. Meetings this year have included a talk on visual aids by Mrs. Ava Bond, a supervisor from the Muskegon Schools; a planned program with elementary children participating; a discussion by Mary Lou Richards and Jeananne Bondhouse on ideas and materials for practice-teaching; and movie and discussion periods. The Christmas party was held at the Ver Beeks' home. Elections took place at the final meeting of the year, a picnic at the home of the Schoons.

BUSINESS-ECON CLUB

Since its organization in 1950, the purpose of the Business-Ecan Club has been to acquaint those majaring in Business Administration and Economics with the problems encountered in business management and the current trends of the national ecanomy. This is accomplished by having speakers from the business warld give their firsthand accounts at regularly scheduled dinner meetings. To supplement these discussions, various taurs have been scheduled through industrial plants.

Traditionally the last meeting of the year is held at the hame of Dr. Yntema where members enjay the informal atmosphere of a picnic supper. It is at this time that afficers are selected for the caming year.

The Student Affiliates of the American Chemical Society provided an excellent series of talks, demanstrations, and field trips for the students planning to make chemistry their profession and for those who are "just interested." This extracurricular approach helped the members to gain a knowledge of many phases of chemistry not covered by class work.

BETA BETA BETA

The Alpha Eta Chapter of Beta, Beta, Beta, national honorary biological fraternity, was organized to promate scholarship and to further interest in the biological sciences. Membership in the society is limited to those students who have maintained a high scholastic standard in their college studies and have completed the required number of course hours in biology. Movies, lectures, and student papers of practical value are included among the programs offered in the monthly meeting of Tri Beta. The foculty advisors for the year were Dr. Oscar Thompson, Dr. Alice Elliott, and Miss Jennie Spoelstro.
